7.25- 7.30	Close of meeting – Next meeting Chair Next meeting Thursday 2 March 2023 <b>End of year drinks</b>

\* In September 2021, 5 Precincts wrote letters of support for a funding proposal submitted by Council to operate the Power to the Future program. This is an opportunity to meet the participants of Council’s Power to the Future program on climate change and share in the outcomes of the project.

This first-of-its kind program empowers local students with the support from seniors, council and local community groups to translate ideas, new knowledge, skills, and energy to influence decision-making on climate change and undertake tangible and effective climate action to create a better future. With feedback and the support from seniors, young participants have used their new skills and knowledge to create short movies on their climate change solutions. This is a chance for you to meet the filmmakers and ask them questions about their films, ideas and vision for Waverley.

Order of events for this agenda segment:

- Janey Martin introduction to the P2F program
- Introductions from participants and their vision for Waverley and how they could connect with Precincts
- Opportunity for Precinct members to ask questions
