2. Previous minutes and matters arising

As there was no quorum and no questions regarding the previous meeting, minutes and matters arising were not discussed.

3. It was noted

- that Council supported Transport for NSW' suggestion of left in left out for traffic flow at the intersection Cnr Wellington Street/ Bondi Road, there was some discussion on the topic
- that Council in May endorsed a series of sub-delegations to Council officers
- that the next Precinct meeting would be the Precinct's AGM
- that this was the last Precinct meeting prior to Council elections; Precinct Committee members thanked the Councillors who had been very supportive of residents during their time on Council, especially Cnr Kay who was not standing for re-election, his strong support and engagement for the Precinct and local community will be strongly missed.
